PICOLINO

**PICOLINO**  
**TABLE LAMP**

**Timeless Design and Organic Form**

The Picolino table lamp is a striking blend of elegance and innovation, designed to captivate with its unique craftsmanship. The base and top are crafted from cast brass, featuring organic forms that flow seamlessly, evoking a sense of movement and fluidity. This contemporary design adds a touch of timeless sophistication, while the lampshade enhances the piece with its distinctive cone shape, embellished with delicate spherical accents. Made from soft felt fabric, the lampshade introduces warmth and texture, softening the overall appearance of the lamp.

The Picolino lamp is not just a source of light, but a statement piece that embodies both modern aesthetics and practical design. It is perfect for those looking to elevate their space with a refined, artistic touch. Whether placed on a desk, side table, or console, the Picolino adds a harmonious balance of light and style, making it an exceptional addition to any interior.

### About the Designer: Vasco Pintado

Vasco Pintado is recognized for his exceptional ability to blend traditional craftsmanship with contemporary elegance. His work transcends mere functionality, transforming lighting and furniture into sculptural masterpieces. Drawing inspiration from the interplay between organic materials and refined design, Pintado creates pieces that elevate any space, offering a perfect balance of sophistication and artistic expression. His dedication to quality and innovation is evident in every creation, making each piece a unique statement.
